ABOUT US

CodM software is a product improvement organization based in India and UK. The organization began its activities in 2021 and has since been providing consultation, support, and development services to its clients. CodM significantly focuses on the CRM space and has been expanding its operations in Salesforce gradually by launching a highly skilled and certified team to perform at their best.

The CodM team operates in a disciplined environment, staying motivated throughout their interactions with clients. The organization is currently working with offshore clients and delivering top-notch Salesforce services. CodM has also collaborated with other global organizations to expand its business in the Salesforce ecosystem, adhering to best practices in service delivery.

Visionaries Behind CodM Software

At the heart of CodM Software lies a team of forward-thinking leaders committed to driving innovation, excellence, and growth. Our Founders, CEO, and COO bring a wealth of experience, strategic insight, and a passion for technology that has shaped the company's journey from a startup to a trusted IT solutions provider. Their leadership continues to inspire our team, strengthen client relationships, and steer CodM toward a future of impactful digital transformation.
